

BAGIT SYSTEM®
Bagit® HIPAA Document Bag

Bagit System's® new reusable woven fabric HIPAA Document Bag™ brings HIPAA security standards to office paper recycling. Lockable, heavy duty, double-slider, No. 8 zipper accepts a wide variety of locking security devices, available from the Bagit System folks, or from outside sources.

The Bagit HIPAA Document Bag fits on all your existing Bagit Racks, and brings the proven efficiency, economy, durability, and utility of the Bagit System "Original" to the handling of confidential materials. All at a cost that is far less than alternative rigid locking containers.

Features:

- Heavy duty woven, coated polyethylene fabric (min. 10% recycled content);
- Double stitched dual top handles for easy handling and a bottom handle for emptying;
- Heavy duty, double-slider, No. 8 self-repairing locking zipper with dual TEI-30 pull tabs;
- Dimensions filled: approx. 15 in. W x 8 in. D x 29 in. H (14 gal.);
- Fits SINGLE OR DOUBLE Bagit "Original" Rack;
- Standard color mid blue with black handles--custom colors available with minimum order of 500 bags.
