

**BAGIT SYSTEM®**  
**Bagit® Multi-Family Tote**

This tough waterproof-coated reusable woven-fabric bag is made for multi-family recycling, and it's reasonably priced to make your recycling program even better!

Hundreds-of-thousands of Bagit multi-family totes are in use in large North American municipalities, universities and institutions. Available in standard size and configuration, or custom designed, built, and printed to your specifications.

**Features:**

- Body fabric is heavy-duty, coated polyethylene (6.2 oz./sq. yd.), 10% minimum recycled content;
- Handles are 1-1/2 inch wide heavy duty, extra tight weave polypropylene webbing;
- Wide variety of fabric colors, with up to four flat color custom printing available

**Standard Bag Specifications**

- 19in W X 7in D X 15in H;
- Full vertical divider with hook-and-loop closure;
- Dual 23in loop top handles;
- 9in flat bottom handle for emptying and drying;
- Mid-Blue fabric with mid-blue handles;
- Approx. finished weight: 5.5 oz.
